

## Ufenau acquires execure via Swiss IT Security AG

**Dear Investors,  
Partners and Friends of Ufenau Capital Partners,**

Pfaffikon, November 2017

we are delighted to announce that Ufenau has acquired a majority stake in execure via its platform company Swiss IT Security AG.

execure was founded in 2002 and has become one of the leading Swiss IT cybersecurity providers with a renowned customer base from the insurance, pharma and retail sector.

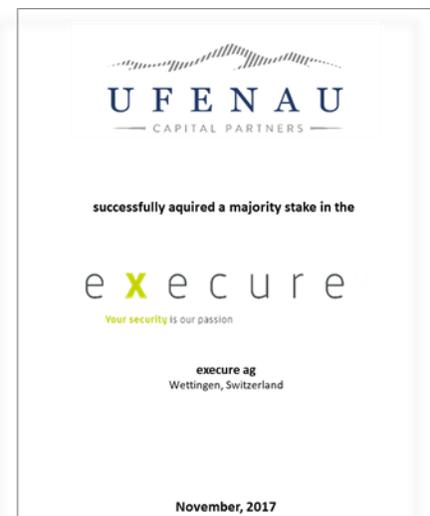

execure offers its clients a comprehensive and highly innovative service portfolio as one-stop shop including 24/7 IT security support, managed security services as well as IT security consulting, planning and implementation of the complete security infrastructure.

“I’m very pleased to have Ufenau as an experienced, fair and sustainable partner on my side to implement the buy-&-build strategy to consolidate the highly fragmented IT security service sector in the D/A/CH region”, comments Philipp Stebler CEO and co-owner of Swiss IT Security Holding AG.

“The increasing digitalization, rising cyber threats through widespread cyber hacks as well as the highly fragmented market for IT security services in Switzerland are the ideal basis to grow the company organically and through add-on acquisitions. Together with Philipp Stebler and his highly qualified team, we seek to foster these growth opportunities of execure to further grow the company”, adds Ralf Flore, Managing Partner at Ufenau Capital Partners.

Yours sincerely,

The Ufenau Team
