Preqin has ranked firms on how often their funds delivered top-quartile performance based on their net internal rates of return. Small buyout firms have beaten private equity giants such as Apollo, Ardian, Blackstone, CVC, EQT and KKR as top performers by delivering the most consistent returns to investors over the past 10 years.

Ufenau Capital Partners, which has raised smaller funds totalling USD 1 billion, is the second European and the only firm within the D/A/CH region to make it to the list.

Ralf Flore, Managing Partner, comments: "Our niche focus on profitable small-cap service companies with a clear buy-and-build-approach provides ideal opportunities to deliver outstanding returns for our investors and management teams. With our latest fund, Ufenau VI, we continue to work hard to reach our ambitious goal to maintain our top quartile performance."

Sincerely, your Ufenau Team
