

## Ufenau distinguished as „Best German, Austrian & Swiss Buyout Fund 2021“

**Dear Investors,  
Partners and friends of Ufenau Capital Partners,**

Pfaeffikon, December 2021

We are delighted to announce that Ufenau was awarded the prestigious Gold Award as best buyout fund in the D/A/CH region by Private Equity Exchange & Awards. Once again, Ufenau was able to prevail against very renowned and established competitors. Each year, the awards are presented to the best fund managers by Leaders League, an international media and rating agency, with a jury consisting of 80 renowned industry experts and investors. Success criteria include deal activity, performance, team and company development.

Ufenau can look back on a very successful decade. Since 2011, Ufenau has acquired majority stakes in over 200 companies. In 2021 alone, Ufenau was able to execute over 40 acquisitions. Likewise, the team has more than doubled to a total of 35 professionals in the past two years while opening a second office in Spain. With this strategic move Ufenau has now access to a new, attractive region to expand geographically its position as the leading Buy-&-Build specialist in the midmarket sector.

Ralf Flore, Managing Partner: “We are very proud of our team and are pleased to have won this award again! The stringent implementation of our Buy-&-Build strategy for more than 10 years enables us to build leading companies together with entrepreneurs and to generate above-average returns for the management teams and investors.”

Kind regards,  
Your Ufenau Team

### **About Ufenau Capital Partners**

*Ufenau Capital Partners is a Swiss investment group based near Lake Zurich. Ufenau focuses on majority investments in service companies in the DACH region as well as Iberia, which are active in the areas of Business Services, Healthcare, IT Services, Education and Financial Services.
