

Ufenau invests in VIATAURUS

**Dear Investors,
Dear Partners and Friends of Ufenau Capital Partners,**

Pfaffikon SZ, June 2023

We are delighted to announce that Ufenau Fund VII has acquired viataurus Group ("viataurus" or the "Group"), a leading full-service provider of security technology solutions for non-residential buildings, headquartered in Reinbek, Schleswig-Holstein (Germany).

viataurus, with its companies Deltron Elektronik GmbH, ESB Solutions GmbH, Heikotec GmbH and mesafox Handelskontor GmbH, has been active in the building security technology market for over 30 years and has established itself as an industry leader in Northern Germany. The Group offers the complete range of building security technology, including mobile and stationary fire alarm systems, intruder and voice alarm systems, access control solutions as well as video surveillance. Viataurus enjoys an excellent reputation across its diversified customer base. Most of viataurus' commercial clients are municipalities, hospitals, universities, construction companies, real estate developers, retail stores, financial institutions and industrial companies. A key success factor is its team of over 110 highly qualified employees, led by a strong management team, which is committed to lead viataurus into the next growth phase.

Together with Ufenau, the objective of the Group is to expand its leading position in its current markets through both organic growth and selective acquisitions. Furthermore, viataurus will continue to invest in the expansion of its service offering and employee recruiting. With the further digitalisation and the consequent technological advancement, viataurus is currently generating significant market advantages.

Egbert Brandt, Managing Director of viataurus: "In recent years, we have built the foundation for further organic and inorganic growth in order to address industry challenges in our favour. It is our aim to provide the highest level of service to both long-standing and new clients. With Ufenau, we have found an experienced and strong partner to further develop our Group and play an active role in consolidating the market for building security technology."

„We have been following the building security technology market for many years already. With viataurus, we found the ideal nucleus to jointly grow in this highly fragmented market" explains Dieter Scheiff, Partner at Ufenau. "We have been feeling very comfortable with Mr. Brandt and his team from day one and are thrilled to partner with the viataurus' team to support the Group's very successful growth path".

Your Ufenau Team

About Ufenau Capital Partners
