

Ufenau invests in Romijnders Service

**Dear Investors,
Partners and Friends of Ufenau Capital Partners,**

Pfäffikon (CH), October 15, 2024

We are delighted to announce that Ufenau Fund VII has acquired Romijnders Service (“Romijnders”), a leading Dutch HVAC and electrical installation service provider, headquartered in Wijchen, the Netherlands.

Romijnders has been a leading full-service provider in the East of the Netherlands for over 100 years. With more than 85 professionals, Romijnders is focused in providing Heating, Ventilation, and Air Conditioning (HVAC) systems and electrical services. Its long-standing customers include corporations, housing cooperatives, owner associations, and private homeowners.

By partnering with Ufenau, Romijnders intends to expand its position in existing markets through organic growth. Simultaneously, together Ufenau and the company will pursue systematic Buy & Build within a highly fragmented industry, further diversifying Romijnders service portfolio and expanding its geographic reach.

Jan-Willem Romijnders, CEO of Romijnders, comments: “Over the past century, we have built Romijnders with clear dedication and a focus on our customer’s needs. By partnering with Ufenau, we will continue to lead the company through its next phase of growth, enabling us to serve our customers more effectively while remaining the employer of choice for our highly talented and committed employees.”

Ralf Flore, Managing Partner at Ufenau, says: “Romijnders has established an excellent regional reputation in HVAC and electrical installations. We are confident that Romijnders, with its strong management team and skilled professionals, is the ideal platform for further growth in this highly attractive industry.”

Erik Fuchs, Head of BeNeLux at Ufenau, adds: “We are excited to team up with the CEO Jan-Willem Romijnders, the fifth-generation family member leading this highly attractive company, and his talented team to actively support the group’s continued evolution. Romijnders marks Ufenau’s second platform investment in the BeNeLux, following 20 additional add-on transactions in the region.”

Your Ufenau Team
